Community Weatherization Coalition In-Home Energy Tune-up Application

w: communityweatherization.org o: (352) 450-4965

CWC volunteer Energy Coaches help renters and homeowners reduce their monthly utility bills and save resources by providing free home Energy Tune-ups in Alachua County. Energy Tune-Ups may save hundreds of dollars a year on your household's utility bills. Our home energy tune-ups are completely free, thanks to our generous partners and volunteers.

A CWC Energy Tune-up includes a home inspection of major appliances, the installation of energy- and water- saving items (including LED light bulbs and water-saving shower heads) by trained, vetted volunteers or staff. A tune-up also includes utility bill review and suggestions to lower your energy and water expenses.

During the tune-up, CWC volunteers conducting it will make suggestions and answer your questions regarding the process. You are expected to be home, and participate in the tune-up as best you can.
